# TelMed™

## Telemedicine Liability Insurance

Underwritten  
and Managed by

**TelMed** is a new and unparalleled liability insurance program created from a partnership with the ATA and designed to address the unique risks associated with healthcare delivery through telemedicine.

Our team consists of healthcare liability insurance experts whose professional backgrounds include Clinical Risk Management and Healthcare Law. This distinctive collaboration of medico-legal experience enables the team to create unparalleled, cost-effective coverage solutions for each individual client.

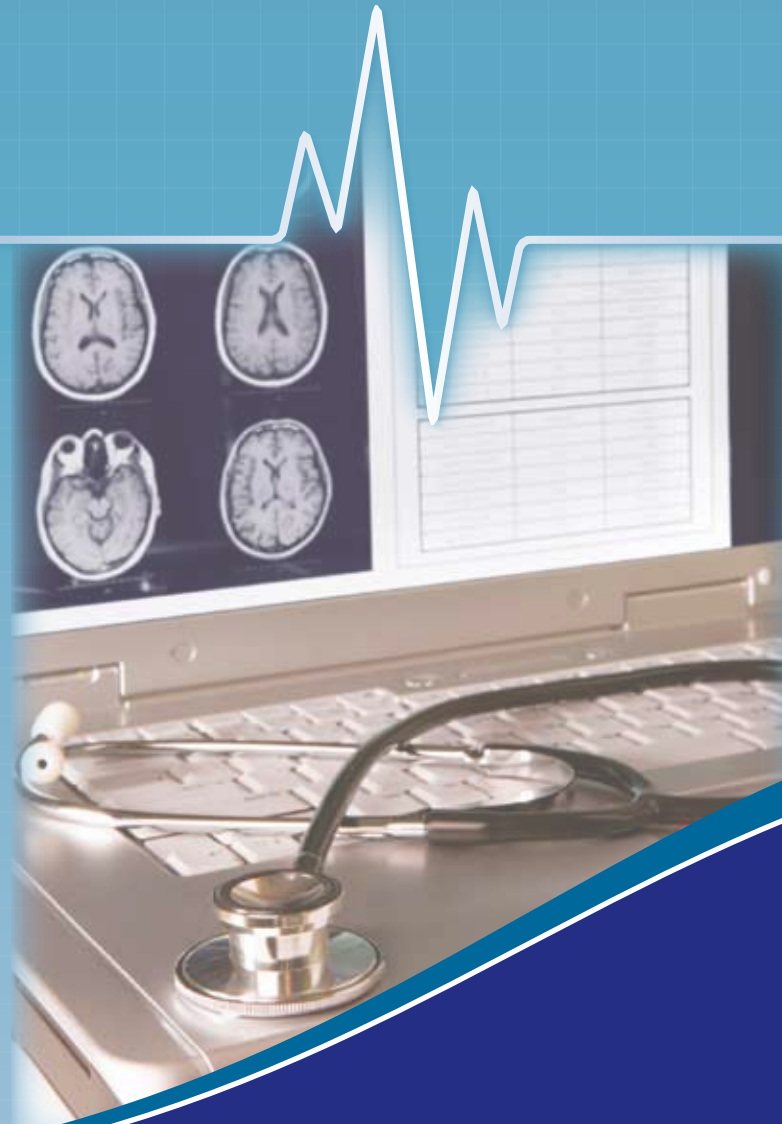

**The complex becomes simple.  
You're understood.**

You're supported in your practice and have the confidence and security to focus on what you do best: Providing quality care to those who need it.

If your practice or business is involved in telemedicine, consider transferring your risks through TelMed.

**We'll listen.**
